Figs

We do sell our trees online or through mail order. We sell cuttings or plants. We will trade with any fig tree we don't have. Due to export regulations, we only sell to customers in Canada. If you're interested in purchasing or just some advice in the cultivation of fig trees or learning how to grow fig trees without digging or a greenhouse, send us an e-mail at adriano@adrianosfigtrees.com or aferreira@cogeco.ca
