## BROWN TURKEY FIG TREE

- Most delicious, medium sized figs, with a pink-red flesh and a dark purple-brown skin. They can be eaten fresh out of hand, or put up as a "preserve" in canning jars for later use.
- Figs bear in their first year after planting, and usually produce two crops, in the Summer and in the Fall.
- 'Brown Turkey' is the most popular fig tree in the South, and the fruit is absolutely delicious.
- Trees can be planted outdoors or transplanted into larger pots as they get bigger.
- All trees have a fully established root system and are shipped potted.

Size	Price	Weight	
Small (up to 2 feet tall)	\$19.95	4 lbs	
Large (2-3 feet tall)	\$29.95	6 lbs	<b>Sold Out</b>

## CONADRIA FIG TREE

- The Conadria Fig Tree's mature height is 20 ft. with a spread of 20-25 ft.
- The Conadria Fig Tree has large fruit with light green skin that has whitish-strawberry pulp; the fruit flavor is sweet and mild.
- Excellent for drying.
- Hardy with good rebound from freezes.
- Conadria Fig Tree fruit ripens throughout the Summer and into Fall.
- Trees can be planted outdoors or transplanted into larger pots as they get bigger.
- All trees have a fully established root system and are shipped potted.
