Ficus carica Brown Turkey - Fig Brown Turkey (3lt)

Other Common Fig Brown Turkey Fruit

Names: **Category:**

£13.99each

Ficus carica Brown Turkey is a deciduous shrub with architectural, large, lobed leaves. Edible, sweet figs may be produced in autumn. Plant in moist, free-draining soil in a sunny, sheltered position. It is best grown trained against a sunny wall or fence. Restrict roots by laying rubble in the planting hole and lining the sides with paving slabs.
