Hi,

Do you live in Israel please? Could you tell me when Christ Jesus made the fig tree wither in Jerusalem, were the Fig trees in villages producing fruits? Fig tree had plenty of green leaves.

margot980 (1 year ago) [Reply](#) +2

Fig trees grow quite far north, and fresh figs in August are such a treat.

To provide your whole neighbourhood with fig trees, if you already have one, just put the feb-march clippings in a bucket with some water. They root really easily, and if you put it in your front yard, neighbours can take the clippings and plant them and in 3 years or less have trees like this.
